Allen Bradley Monitor Part 160607**

**Used on Allen Bradley 9 Series Operator Interface 8520-MOP7
Part Number 160605**

Model QES1508-069

Dynamic Displays, Inc. offers an economical 8.4" LCD monitor replacement for the obsolete Allen Bradley 8520-CRTM1 9" CRT monitor used on the Allen Bradley 9/9 Series Monochrome Operator Panel 8520-MOP7. LCD monitor model QES1508-069 has a rugged steel chassis and is designed to drop into the mounting holes of the original Allen Bradley 8520-CRTM1 CRT Monitor. This new 8.4" LCD monitor has mating video and power input connections, and with circuitry and firmware engineered specifically for the Allen Bradley Operator

Interface 9 Series, is guaranteed to work in your old control.

For the past several years, Dynamic Displays, Inc. has concentrated on designing and producing LCD replacements monitors for obsolete and hard-to-find legacy CRT monitors and Industrial Monitors. Drawing on 20 years experience of manufacturing CRT displays for the OEM market place, DDI has developed and produces LCD display solutions for a wide range of CNC Machine Tools, Factory Automation, Process Controls and other legacy manufacturing systems.
